# BRIGHT IDEAS

lighting the future....

# VISION SYNERGY CORPORATION

Vision Synergy Corporation (VISCO) was started in 2016 with an aim to provide World Class Lighting Solutions which eventually gives satisfaction and happiness to its customers.

We are designers and creators of superior lighting. This is the guiding principle which defines our company and drives our activities.

As designers and creators, we make sure that our products can deliver quality, which is ultimately led by our design and technical knowledge.

# Make in India

As an established Indian manufacturer, we build our products at our factory in Delhi. With care and attention to the details, we hand make our products to ensure quality and performance.

We are delighted to participate and contribute towards strengthening government's programme "Make in India"

A modern bathroom with a vaulted wooden ceiling. The ceiling features exposed wooden beams and white-painted rafters. Four rectangular, gold-colored pendant lights hang from the ceiling. The walls are white, and the floor is made of light-colored wood. In the center, there is a white vanity with a rectangular sink and a mirror. To the right is a white toilet. On the left, there is a white bathtub. In the foreground, there are several potted plants, including a large one in a wooden pot and two smaller ones in white pots on a wooden tray. A bright light source creates a strong shadow on the floor.
